Your Petitioner further represents that it is the assignee of the entire right, title and interest in and to United States Patent Application No. 09/819,573, filed on 28 March 2001, by virtue of the Assignment dated June 1, 2001, and recorded at Reel 011876, Frame 0725.

Your Petitioner hereby disclaims the terminal part of any patent granted on said U.S. Application Serial No. 10/078,840, which would extend beyond the expiration date of a patent issuing on patent application Serial No. 09/819,573.

Your Petitioner further agrees that any patent issuing on said U.S. Patent Application Serial No. 10/078,840 shall be enforceable only for and during such period that the legal title to said patent shall be the same as the legal title to said patent issuing on the patent application

Patent

Serial No. 09/819,573, this agreement to run with any patent granted on said U.S. Patent Application Serial No. 10/078,840 and to be binding upon the grantee, its successor or assigns.

In making the above disclaimer, Petitioner does not disclaim any terminal part of any patent granted on the instant application that would extend to the expiration date of the full statutory term as defined in 35 U.S.C. 154 to 156 and 173 of the prior patent based upon patent application Serial No. 09/819,573, as presently shortened by any terminal disclaimer, in the event that it later: expires for failure to pay a maintenance fee, is held unenforceable, is found invalid by a court of competent jurisdiction, is statutorily disclaimed in whole or terminally disclaimed under 37 CFR 1.321, has all claims cancelled by a reexamination certificate, is reissued, or is in any manner terminated prior to the expiration of its full statutory term as presently shortened by any terminal disclaimer.

CERTIFICATE UNDER 37 CFR 3.73(b)

Nokia Corporation, a corporation of Finland, certifies that it is the assignee of the entire right, title and interest in the patent application identified above by virtue of:

An Assignment from the inventor(s) of the patent application identified above. The assignment was recorded in the Patent and Trademark Office at Reel __, Frame __.

The undersigned has reviewed all the documents in the chain of title of the patent application identified above and, to the best of undersigned's knowledge and belief, title is in the assignee identified above.

The undersigned is empowered to act on behalf of the Assignee.

The undersigned further declares that all statements made herein of its own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
